

mode to SBC on the transmitting device. For details, refer to the operating instructions supplied with the transmitting device.

If you are using a smartphone, the Bluetooth may be impaired when you connect you using applications or rebooting the smartphone.

On the use of calling apps for iPhones and computers

- This unit supports normal incoming calls and outgoing calls for iPhones and computers, but is not supported.

On charging the unit
This unit can be charged using USB only. Do not connect the USB port to a computer for charging.

Note on Siri and voice cancellation functions
This unit cannot be turned on, nor can the Bluetooth® or noise-cancelling functions be used, during charging.

Note on Siri and noise-cancelling functions
When using the unit for connecting the supplied headband cable, even while charging the unit, the unit may not be able to use Siri for a long time, the rechargeable battery may not be able to keep sufficient charge. The battery will auto to rest. Pairing information is not repeatedly discharging and charging several times.

When using the unit for a long time, charge the battery once every half year to prevent over-charging.
If the length of time you can use the unit became extremely short, the rechargeable battery should be replaced with a new one. Please contact your nearest Sony dealer for a battery replacement.

Note on static electricity
Static electricity accumulated in the body may cause mild tingling in your ears. To minimise the effect, avoid clothes made from natural materials.

If the unit does not operate properly
Reset the unit (Fig. 10).

When using the NC/AMBIENT buttons simultaneously while charging the unit
If the unit is not reset, pairing information is not deleted.

If the problem persists even after the resetting operation
If the problem persists after the resetting operation, contact your nearest Sony dealer for the unit as follows.

Disconnect the micro-USB cable from the unit. Press and hold the **POWER** button down for 10 seconds. The indicator (LED) flashes 4 times and the unit is reset to the factory settings. All pairing information is deleted.

After the unit is initialized, it may not connect to your iPhone or computer.
In this case, delete the pairing information from the unit from the iPhone or computer, and then pair them again.

What is noise-cancelling?
The noise-cancelling circuit actually senses outside noise built-in microphones and sends an equal and opposite sound wave section on how to remove the battery from the product safely. Hand the product to the applicable collector point for the recycling of waste batteries. For mobile phones, the recycling point for this product or battery, please contact your local CVR Office, your household waste disposal centre or the shop nearest to you purchased the product or battery.

The validity of the CE marking is restricted to only those countries where it is legally required. When you use the product in a train or a car, noise may occur depending on street conditions.

Mobile phones may cause interference and noise.
Should this occur, locate the phone further away from the mobile phone.

Do not cover the microphones of the product.
If you cover the microphones of the product, the noise-cancelling function or the Ambient Sound Mode may not work properly, or a problem may occur. In these cases, take your hands off the microphone of the unit (Fig. 10).

Others
Be careful not to catch your finger in the unit when folding.
When you use the unit as wired headphones, use the supplied headphone cable only. Make sure that the headphone cable is firmly connected.
If you paste stickers, etc. on the touch pad, they may affect touch operation.
Do not place correctly.

Do not operate this unit in a place exposed to humidity, dust, or other adverse conditions.
Do not use the unit in direct sunlight. Do not leave the unit in a car for a long time. It may cause a problem.

Using the BLUETOOTH device may not function on mobile phones, depending on audio conditions and location where the device is used.
For traffic safety, do not use while driving or cycling.

Do not use the unit in places where it would be dangerous if you are unable to hear ambient sound, such as at railroad crossings, train stations, and construction sites.
Do not put weight or pressure on this unit as it may cause the unit to deform.

Do not place the unit with soft dry cloth.
The unit is not waterproof. Remember to follow the precautions below.

Be careful not to drop the unit into a sink, bath, or other container filled with water.
Do not touch the unit, especially in rain or bad weather, such as in the rain or snow.
If you experience discomfort after using the unit, stop using the unit immediately. The carpal tunnel syndrome or a longer storage or use.
If you have any other symptoms or problems concerning this unit that are not covered in this manual, please consult your nearest Sony dealer.

Android is a trademark of Google Inc.
Other trademarks and trade names are those of their respective owners.

“Made for iPod” and “Made for iPhone” mean that an accessory accessory has been designed to connect specifically with the iPhone, respectively, and has been certified by the developer to meet Apple performance standards for this accessory.

Qualcomm® is a trademark of Qualcomm Incorporated, registered in the United States and other countries.
Qualcomm aptX™ audio is a trademark of Qualcomm Technologies International, Ltd., registered in the United States and other countries, used with permission.
